CHI-005-79

SUBJECT: DCI Meetings with University Presidents

REF.: DCD-1478/78, 27 December 1978

TO: Chief, Domestic Collection Division

ATTN.: Chief, Central Staff

25X1A

1. The DCI's invitation to Dr. Hannah H. Gray (1), President of the University of Chicago (1), was mailed to her on 8 January 1979. Her special assistant, Gregory Campbell (1), who accompanied Dr. Gray from Yale University, informed us over the telephone that Dr. Gray has a previous out-of-town commitment for 15 February and thus will not be able to attend the Langley meeting. She will, of course, reply to the DCI's letter.

2. We had hoped to personally deliver the invitation and take that opportunity to brief Dr. Gray on our current interests. In a friendly manner, Mr. Campbell explained that Dr. Gray is extremely busy in this her first year of office and is already familiar with the Agency's work; he added that she is also aware of both the pros and cons of the Harvard Guidelines issue. He therefore felt that a meeting with her would not be beneficial to either of us at this time.
